

The Furniture Collection 2023

Aspace is the original UK designer of premier children's furniture for today's family

Welcome to Aspace

An introduction from our Chairman, Caspar and MD, Seve

We have been creating inspirational children's rooms for more than 20 years, with every cot, bed, bunk, wardrobe, bookcase and more designed by our team in the heart of the Wiltshire countryside.

Why the name Aspace? Quite simply: A-space to sleep, A-space to play, A-space to study.... A space to call their own from 0 to 18 years and beyond!

We produce rock solid furniture that can withstand the hurly-burly of family life. Designed to be assembled and reassembled for those on the move - keeping its structural integrity time and again! Our designs are timeless, they won't date as fast fashions change.

So let the adventure begin with an opportunity to build your child's bedroom with matching pieces for years to come; start your Aspace journey with a bed and chest of drawers. Return to us to add a matching wardrobe, a bookcase or a toy box as they grow, and when the time comes pass everything on to a sibling or cousin, refreshing the collection with a few key accessories. Our expert team will always be on hand to help.

We can also help you optimize your space by creating furniture that fits perfectly in your room such as this bespoke Belvoir 4 door wardrobe - all the way to the ceiling.

The Aspace Journey

From birth to late teens, we have it covered!

At Aspace, we are here to support you and your family. Don't simply buy a piece of furniture, invest in one that will serve you for years to come!

Step 1

Our nursery collection will see you from newborn days up to five years.

2

Our cot beds will help your family transition from cot to toddler bed.

3

When the time comes, we'll be here to advise on the perfect 'big bed'.

4

Growing family or time for a sleepover? We'll be here to help you find the best bed for your space.

5

All grown up and time for a double bed? Returning to Aspace ensures everything continues to coordinate.

What next?

Your Aspace bed is built to last - we encourage you to pass it onto another sibling, cousins, friends.

Alternatively, it might not be out of place in a spare bedroom. As Aspace furniture retains its value, you could sell it on a second-hand site!

Why Aspace?

Our Promise

7 Year Guarantee

Every little one knows furniture is really a playground in disguise. That's why you can rest easy knowing all our beds and furniture are covered for 7 long years, One of the longest guarantee in the UK!!!

Safety First

To keep it simple for you, we go above and beyond when it comes to ensuring our products and paint are tested to the highest standards to ensure they're fit for your little one. (That's BS EN 716-1:2017 for cot standards and BS EN 71-3 for paint safety if you're into your jargon!)

No Quibbling

We all change our minds from time to time. That's why we offer a 90 days no quibble returns service on any of our products, should it not be exactly what you are looking for.

Every last wooden panel and (hidden) screw is hand checked by us, before being delivered with our personal delivery and assembly team. Our customer service team will always organise a convenient delivery day to suit you, and after delivery and assembly we'll remove and recycle the packaging for you.
